1) With optional weight upgrade to 3,650 kg, towing weight is reduced to 2,000 kg.

2) General note on permitted persons: With the installation of factory chassis options, optional equipment and packages, the permitted number of passengers can be reduced or a load uprating may be needed (see optional extras).

3) Capacity of fresh water tank within the Regulation (EU) 1230/2012, taking into account the limitation valve on the fresh water tank (20 litres) is open.

The maximum gross vehicle weight and the permissible axle load may not be exceeded.

In accordance with VO (EU) 1230/2012 the "mass in running order" includes 20 l fresh water, 1 x alu gas bottle (15 kg) and a cable drum (4 kg).

Technical information may include printing errors and be subject to other mistakes.

GENERAL INFORMATION

The „mass in running order“ (MIRO) according to VO (EU) 1230 / 2012 is the mass of the unladen vehicle including the driver (75 kg) and full tank of fuel (90 %) as well as the basic equipment: Fresh water tank with reduced volume (20 kg), gas bottle (15 kg) and cable drum (4 kg). The maximum technical permissible laden mass (MTPLM) as well as the maximum axle loads should not be exceeded by personal belongings, number of passengers or optional equipment. The maximum user payload and permitted number of persons will reduce accordingly to optional equipment.

The information regarding delivery, appearance, performance, dimensions and weight of the vehicles correspond to the existing knowledge at the date of printing and to the European homolo-

gation regulations. These may change by the time the vehicle is purchased or delivered. Variations within the factory tolerances (+ / - 5 % max.) are possible and permitted.

Price list Etrusco motorhomes 07 / 2019, prices valid from 15.08.2019. With the issue of this price list all previous price lists are no longer valid. Throughout Europe there might be different Euro prices. Depending on the country specifications in standard equipment, VAT or luxury tax.
